Summary

Let me add wings to your business.

A firm believer of the digital world, especially more towards business growth and enhancement.

Digital marketer specializing in , strategist
SMM, Email marketing,youtube marketing ,Google analytics website monitoring.

Currently, I am involved in learning some other digital products as website building and handling it and Making marketing strategies and experimenting them with the industry need.

Loves public speaking to handle the gathering and deliver the message. A passionate traveler specially old heritages and natural places.

I enjoy traveling meeting new people and learning their way of doing things and learning from them.

I think we should start working together
