Internshala is a dot com business with the heart of dot org. We are a technology company on a mission to equip students with relevant skills & practical exposure through internships and online trainings.

Imagine a world full of freedom and possibilities. A world where you can discover your passion and turn it into your career. A world where your practical skills matter more than your university degree. A world where you do not have to wait till 21 to taste your first work experience (and get a rude shock that it is nothing like you had imagine it to be). A world where you graduate fully assured, fully confident, and fully prepared to stake claim on your place in the world.

At Internshala, we are making this dream a reality. Join us - <https://internshala.com/careers>
