Sriharsha M.

CEO and Co-founder at Swiggy
India

Experience

Swiggy

Chief Executive Officer

July 2014 - Present (6 years 2 months)

Bengaluru Area, India

Building Bundl previously only helped stoke my passion for solving logistics problems, and we ended up building an on-demand delivery solution that delivers food from restaurants in the neighbourhood within 45 minutes guaranteed.

Today, Swiggy aims to 'change the way India eats' by offering Indian consumers a plethora of food service offerings beyond the world of on-demand restaurant delivery to solve for each and every meal in the month.

Bundl

Cofounder

August 2013 - June 2014 (11 months)

Bangalore

Bundl was a powerful solution that solved shipping woes for e-commerce merchants by aggregating multiple courier partners across India and providing a one-stop solution. We were definitely solving a real problem and grew fast, but we realised the actual size of the opportunity and came back to the drawing board to work on a much bigger market opportunity

At Large

Traveller

August 2012 - February 2013 (7 months)

London-India

Left my job in the UK planning a move to India to get involved with the startup ecosystem and work towards building a business of my own. I gained very valuable experience over these six months travelling alone on a shoestring budget overland from Europe to Asia. I travelled 3500 kms from Portugal to Greece by bicycle over 3 months and continued overland from Turkey to Kazakhstan through public transport and hitchhiking. Using the time from the

career switch to gain some perspective and learn more about the world we live in has been my most rewarding decision till date.

Nomura International

Associate

July 2011 - July 2012 (1 year 1 month)

Worked as part of the rates trading Desk in London.

IIM Calcutta

Recruitment Coordinator

November 2009 - November 2010 (1 year 1 month)

Greatest experience of my life getting jobs for a batch of 280 and internships for a batch of 360.. Will be indebted to IIM Calcutta for the learning curve

Nomura International

Summer Analyst

April 2010 - June 2010 (3 months)

Worked with the Fixed Income Quantitative Trading Strategies and Structured Credit Trading Desks, offered full-time position for the Graduate Class of 2011
